Re: Clean Water Act Administrative Order Deadlines

Dear Mr. DeVaul:

Thank you for your submittal of the October 26, 2015 Preliminary Report on Local Discharge Limits (Preliminary Report). EPA has reviewed the Preliminary Report and has comments/questions on portions of it, which we plan to send to you no later than Friday, December 4, 2015.

As you are aware, the Administrative Order (AO) has an approaching deadline of December 1, 2015 for the draft Comprehensive Headworks Analysis Report (Draft Headworks Analysis). However, as the Draft Headworks Analysis relies on the approach documented in the Preliminary Report, we are extending the December 1, 2015 deadline for the Draft Headworks Analysis to December 31, 2015. In addition, the January 1, 2016 deadline for the final Headworks Analysis, the March 1, 2016 deadline for the Industrial Pretreatment Program submittal, and the April 15, 2016 submittal of a complete Pretreatment program shall also be extended 30 days. Please note that the remaining deadlines in the AO shall remain the same.

If you have any questions, please call James Polek at (415) 972-3185 or e-mail him at [polek.jim@epa.gov](mailto:polek.jim@epa.gov).

Sincerely,
